

My horse Bandit was at Spirit Of Freedom Farm for 3 months getting educated and trained. The facilities there are clean, wholesome and above all you are made to feel right at home at all times.

Their farm is geared for the Horse and Owners to learn about their horse and themselves and to get to know each other through training and togetherness. This farm has all the right facilities for doing just that.

There are many aspects and projects, both for work and fun, to enjoy here. Their Fun Days are a learning experience for both you and your horse. (lol) And it is fun to participate and share your day with other people and their horses.

Jane has the Mustangs that she works with so that they can find their forever homes. They are so special and Jane and Dale work very hard to accommodate each and every horse, no matter what they are there for, to see that they get the very best of care and allowed to be 'just horses'.

There are places to ride your horse safely according to your horse's abilities and yours.

I highly recommend their facilities and programs for boarding, learning and teaching both for yourself and your horse.

Thank you Jane & Dale for always making me feel welcome there. I look forward to being able to participate again in one of your fun days.

My name is Jennifer Walters and I had the wonderful pleasure of boarding my horse Ringo with Jane for over a year. The whole time I was at the Spirit of Freedom, I never had to worry about the quality of care that was provided there. I actually received some great advice and training tips that I hold dear to my heart to this day.

Before I started boarding there, I was about to give up on horsemanship. My horse seemed hopeless and dangerous. Jane took us under her wing and introduced us to a method of training I was unaware of. She offered assistance in anyway she could. I have not been there for some time now, but I stay in contact with Jane. I believe strongly that without her support and encouragement, Ringo and I would have parted ways a long time ago. We now have a great relationship and I enjoy riding more than I ever did before. I pass the wisdom I gained from being there onto other novice riders. I can not say enough good things about this facility. Jane's love for horses is amazing. This is a facility based on trust, friendship and quality care. I highly recommend this facility for your equine loved ones.

Sincerely,

Jennifer Walters

Pasco, WA.

“Potential boarders should know that you treat all the horses (and burros) kindly and that they get regular and individual attention. I would especially recommend your services to new or potential mustang owners as you have experience in this area.”

“(For travelers it’s) a clean and quiet place to rest on the way to their permanent home. I’d also recommend you to the national network of overnight boarding facilities organizations.”

“I can only say good things about your services.” Tom Volkema
